Dear Brothers and Sisters:

I can’t believe that we have started a new decade, the year 2020. Where does the time go? We must take each day and enjoy every moment.

At our last Membership Meeting we initiated two new members: Sr. Angie Basile and Br. Michael Palmieri. Welcome to the Lodge. We hope you come to the meetings, so we can get to know you and you will get to know us.

We are busy making plans for our 100th Anniversary Dinner Dance. I hope you will all try to come to the Dinner on Sunday, May 3rd, 2020, 12:30-5:30 PM at Verdi’s of Westbury. We hope that our Past Presidents will be in attendance, as we would like to recognize them.

We presented our slate of officers for 2020-2021 and they were elected. We will be installing them at our March Membership Meeting. I will be going out of office and Br. Tony Sclafani will be our new President. I hope you will be able to attend to welcome the whole slate. Thank you to Sr. Portia Ryder, Chairperson of the Nominating Committee and members of the committee: Brs. Mike Carrera, Tony Ceriello, Angelo Grande and Jim McAleer. This is always a special night as our members bring in their favorite covered dish for us to enjoy. Please let Sr. Grace Stanco know what you are bringing. Her phone number is 516-676-2165.

If you have not paid your dues, please send them in as soon as possible. If you pay your dues, you are a member in good standing. They were due December 31st.

Don’t forget St. Patrick’s Day Parade on March 22nd (see flyer). After the parade, we will come back to the Lodge for our St. Joseph’s Day Celebration. Each year we have a meatless meal with covered dishes donated by our members. Whatever money that is collected that day is donated to St. Rocco’s for the Outreach Program.

The Italian Heritage and Culture Committee of NY, Inc. selected as its theme, Matera-2019: European Capital of Culture ... Past - Present – Future. In La Voce you will see a letter from the Mayor of Matera, Avv. Raffaello De Ruggieri. I thought you would be interested in reading about the history of this city. Matera is one on the oldest cities in the world.

Saint Patrick’s Day is observed on March 17th, the supposed date of his death. It is celebrated inside and outside Ireland as a religious and cultural holiday. In the dioceses of Ireland, it is both a solemnity and a holy day of obligation. It is also a celebration of Ireland itself.

We will be marching in the parade on Sunday, March 22nd at 1 PM. The line-up will be at the Middle School in Glen Cove on Forest Avenue. We will meet at the Lodge at 11:30 AM or meet us on Forest Avenue.

Dearest friends,

to have the citizens of New York learn more about Matera, the European Capital of Culture 2019, as the official theme of the Italian Heritage and Culture Month of October is an initiative worthy of great consideration.

On behalf of the city that I am honored to represent I express my sincere thanks to the members of the Italian Heritage and Culture Committee of New York association, organizers of this initiative to whom I wish the success it deserves.

I send a special greeting to the Mayor of the City of New York, Bill De Blasio, whom I consider my fellow citizen since one of his maternal grandmothers is originally from Grassano, a town a short distance from Matera. My greetings also go to Stephen Briganti, president and CEO of the Statue of Liberty - Ellis Island Foundation, also with Grassano family origins.

Matera is one of the oldest cities in the world. For eight thousand years human beings have chosen this magnetic place to settle there since the Neolithic era and have created a city that has spanned the millennia and can therefore tell the human evolution from flint to silicon, from black holes of a prehistoric cave to black holes of the celestial galaxies, that are observed from these areas thanks to the Center for Space Geodesy "Giuseppe Colombo".

In these geographical areas human beings lived in symbiosis with the territory. They made their homes by digging in the rock, designing them and making them habitable without the help of architects or the money of a prince. The Sassi of Matera are an example of spontaneous architecture unique in the world, they represent the place where the concept of community finds its most complete meaning. In its neighborhoods there have been generations of families that have experienced periods that are sometimes very difficult, always managing to maintain a strong identity.

This identity has allowed the city to be reborn after one of the darkest periods in its history and to transform the "national shame", so defined immediately after the Second World War, into the pride of Italy, World Heritage Site and European Capital of Culture.

Today this city is building its future by combining identity and technique, authenticity and innovation.

Matera is experimenting with 5G and will be home to the House of Emerging Technologies in which hi-tech companies will be based. In 2020 we will build the History of Man Park, in which the evolutionary path of humanity will be identified with the historical events of the city. In these unique and universal places the "places of silence" will also arise: ecological shells in which to repossess the relationship with nature, with its scents, its colours, its sounds, its seasons.

In thanking you again for the showcase you reserve for us, I will wait for you in Matera and I invite you to soon become temporary citizens of our city.
